NIDHI SRIVASTAV

Business Analyst

Kolkata, India nidhisrivastav283@gmail.com +91-9330457318
linkedin.com/in/nidhi-srivastav github.com/nidhisrivastav28 Portfolio

PROFESSIONAL SUMMARY

Business Analyst with hands-on experience in requirement documentation, as-is/to-be process mapping, workflow documentation, functional testing, and business reporting. Combines a business and technology background (MCA) with working knowledge of Zoho CRM, Jira, Excel, SQL, Python, and a basic understanding of APIs to translate stakeholder needs into clear requirements, process flows, and test cases.

SKILLS

Business Analysis: Requirement Gathering & Documentation, As-Is / To-Be Process Analysis, Business Process Mapping, Workflow Documentation, User Journey Mapping, Business Rules, Stakeholder Communication

Agile & Documentation: User Stories, User Journeys, Functional Documentation, Technical Issue Resolution

Testing & Documentation: Functional Documentation, Functional Testing, Test Scenarios, Test Case Documentation, Defect Reporting, UAT Support

Integration & Business Tools: Basic API Understanding, Zoho CRM (workflows, module configuration, process automation), Jira, Miro, Eraser

Data & Reporting: Microsoft Excel, SQL, Business Reporting, Dashboard Preparation, Data Cleaning & Validation

Technical: Python, Java, PHP, JavaScript, C, MySQL, HTML, CSS, Bootstrap, TailwindCSS

Developer Tools: Git, GitHub, VS Code

EXPERIENCE

Business Analyst – Trafasa Technologies Private Limited (B2B) *July 2026 – Present*
Internal transfer from QVC Group

- Document current-state (as-is) business processes and end-to-end workflows for procurement and business operations platforms.
- Translate business requirements into structured workflows, business rules, validations, approvals, and system interactions; prepare functional documentation for developers and stakeholders.
- Create user journeys across buyers, vendors, and internal stakeholders to identify process dependencies and decision points, and write user stories for platform features.
- Prepare test scenarios and test cases; execute functional testing to validate expected versus actual system behavior against documented requirements.
- Identify workflow gaps and log defects in Jira; work with developers to analyse and resolve technical issues that arise from user stories and requirements.

Data Analyst – QVC Group (B2B) *Dec 2025 – June 2026*

- Configured Zoho CRM modules, workflows, and process automation; used the CRM for lead tracking, customer data management, and reporting.
- Managed vendor and business databases, performing data cleaning, validation, and organization in Excel to maintain accuracy and consistency.
- Prepared business reports and dashboards, including analysis of website enquiries, to support business and sales teams.
- Supported procurement SaaS operations through data collection, process analysis, and process documentation.
- Researched API credit usage and potential SAP integration approaches; contributed to website content updates in coordination with team members.

PROJECTS

Scanify *Python, Pandas, NLTK, Scikit-learn*

- Developed and evaluated a machine learning model to classify text sentiment as positive, negative, or neutral.
- Performed data preprocessing, feature engineering, model training, and evaluation on textual datasets.

E-Commerce Data Analysis *Python, Pandas, NumPy, Matplotlib*

- Analyzed e-commerce data to identify customer behavior patterns, purchasing trends, and business performance indicators.
- Created visual reports to communicate findings and support data-driven decision-making.

EDUCATION

Master of Computer Applications (MCA) *2024 – 2026*
RCCIIT, Kolkata
CGPA: 7.6

Bachelor of Computer Applications (BCA) *2021 – 2024*
SITM College, Kolkata
CGPA: 8.57

CERTIFICATIONS & ADDITIONAL
